
DISCLOSURE SUPPORT

HIGH LEVEL DISCLOSURE CHECKS

Some workplaces or voluntary positions may need to carry out more detailed background checks to protect children and vulnerable adults in their care. In Scotland there are three types of 'High Level' background checks: Standard, Enhanced and PVG (Protection of Vulnerable Groups) - <https://www.mygov.scot/convictions-higher-level-disclosures>

High Level checks will show all of your convictions , even if they are 'Spent', information on police cautions and warnings and potentially other information provided by Police Scotland. It is possible for convictions to be hidden on High Level checks but this depends on the nature of the offence and a lot of time passing. Apex Scotland can advise you on this and what to expect if considering work that requires High Level checks.
